

Goshen Township Meeting Minutes

July 8th, 2026

Members Present: Vice- Chairman James Sankey, John Taylor, Chairman- David Taylor, Wanda Rougeux

Public Attendees: Greg Martell, Mickey and Tammy Moore

Public Comment: Mickey Moore was present to discuss the letter he received regarding the noncompliance of his 3 cabins in the flood zone. He states he is trying to sell them but it has been a slow process. He was also upset about the property next to his and was questioning why his was allowed. The supervisors stated that his was grandfathered in according to MVCOG. His fight is with them they make all the decisions. It was pointed out by Wanda that he should have been honest in the beginning about the entire Air BNB adventure, she also stated that we should have never given him a permit in a Flood Zone from the beginning. This should have been a MVCOG issue. Things did get heated at times in the forum but was handled and he will continue to try to sell the cabins.

Secretary's Report: Read by Wanda Rougeux motion was made by John, seconded by Jim to accept the minutes of meeting. All in favor.

Treasurer's Report: Reviewed and motion was made by John, seconded by Jim to accept the treasurer's report and all bills signed and paid. All in favor.

Old Business:

Discussion regarding the grill hood and floors for the social hall. Dave said we had someone look at it from TD Fabrication but he never got back to us with a quote. He feels it was more than he could handle. We will continue to try to find someone.

We discussed the Fall Clean Up. We will get a dumpster for the week of Oct.5th-10th. Wanda will call for price quotes. She will get it added to the website, and make flyers for the residents only of Goshen Township. No tires, no hazardous waste, liquids, no electronics during the event. It will be parked at the township across the road.

Road Work on Jerry Run from the Grant from the Conservation District. The tentative date will be the 1st week of August.

PPG did get Jefferson Paving to come fix the road that PPG tore up. It was done on 6/24/2026.

New Business:

GIANT awarded a grant in the amount of \$4,000.00 to Goshen Township to add flowers and trees to the park area. Wanda will call Lanager's Landscaping and get a quote.

Educational opportunities-Wanda advised the supervisors that they will be needing to attend the Dirt & Gravel Class on August 4th and 5th. Wanda will attend the 1st secretary round table meeting on July 30th in Philipsburg.

Final Adoption of the Data Center Ordinance, Wanda will have it advertised and get it legalized at the register and recorder's office before the next meeting.

Letters were sent out to (4) residents about ordinance violations, no permits- only 2 residents came forth to correct the issue.

It was discussed to adopt the International Maintenance Code in our township. Wanda gave an example of Lawrence Township. Previously, when MVCOG was involved with the daily problems in the township, the township would pay a fee and the Code Enforcement Officer would handle the issue. They longer do that so most townships in the County have adopted the International Maintenance Code, which helps townships declaring homes uninhabitable for humans. It was decided to move forward with this and have the solicitor draw up a rough draft for our township. Wanda will contact Bill Shaw tomorrow about this proposal.

Roadway Report:

Fuel Usage for the month of June was 163 gallons.

Load counts: PPG 8 on Knobs Road, ANO no report, Earthmovers no report.

Road Bonds Issued: 1 Road Bond Issued to AM Logging, Inc. on the Knobs Road.

Social Hall Rentals: We have the 100 mile Yard Sale Upcoming
Sportman's Meeting the 13th of July
Missy Meeker Family Reunion-July 25th

Permits Issued:

(4) Shed permits issued this month

Wanda also states (1) land transfers noted for the month of June.

PA One Calls: 6

Complaints:

1. Resident complained about Little Trout Run still not getting fixed, resident states the supervisors have been saying they will fix it every year, next year never comes, claims the complaint.
2. Resident complained about 2 sections of Caledonia Pike closed over the holiday weekend. Wanda called DCNR and spoke with the supervisor and they will contact the resident that complained directly.
3. Resident complained about the township road that we previously gave up,"Old Kyler Road" the person wanted to use it and go down to the reservoir to fish. I advised the resident that it is private ground and would have to get permission from the land owner.
4. Resident complained that the cabins in the floodplain are still being used for people to stay in. Pennsafe was notified and before we can do anything we need proof of someone staying there not just he/she said case. We are putting this in the hands of MVCOG to take care of this issue.

Correspondence

Report was sent from Clearfield Municipal Authority regarding water samples and outcomes.

An email sent regarding permitting of accessory structures in floodplain areas.

DOT sent out a letter announcement of the Brown Hollow Bridge on Rollingstone is closing until the end of October.

GEOTECH Engineering sent us a letter describing what is going on at the site of Lee Condon Rd and Knobs Road regarding moving a large area of topsoil.
Letter received via UPS that First Energy will be applying for coverage of Utility Line Crossing at the Shawville Substation.

Adjournment: A motion to adjourn the meeting was made by John at 8:40pm, seconded by Jim with all in favor

Next Meeting: August 12th @ 7:00pm
